

## Kindergarten Prep Enrichment Class

Through exciting reading and number activities, group games, multi sensory centers and small group projects, this class will reinforce, further develop, and challenge your child's emerging language arts and math kindergarten-readiness skills. This class works in conjunction with, and further enhances, our regular fours program. We are holding spaces for our current students who wish to continue with the program until October 22nd. At that time, we will open up the remaining spaces to the other four year old children on our waitlist.

Featuring

### **"New Phonics-Kindergarten",**

A multi-sensory literacy program that engages the children and makes it fun to learn to read and spell by utilizing wonderful animal puppets for each letter of the alphabet, individual magnetic sound boards, and word play activities.

**Time & Dates: Ten Friday Classes: 9:00 - 11:30 AM**

**December 4, 2021 - February 26, 2022**

**Fee: \$440.00**
